## Jazz Gets Funky Late Night

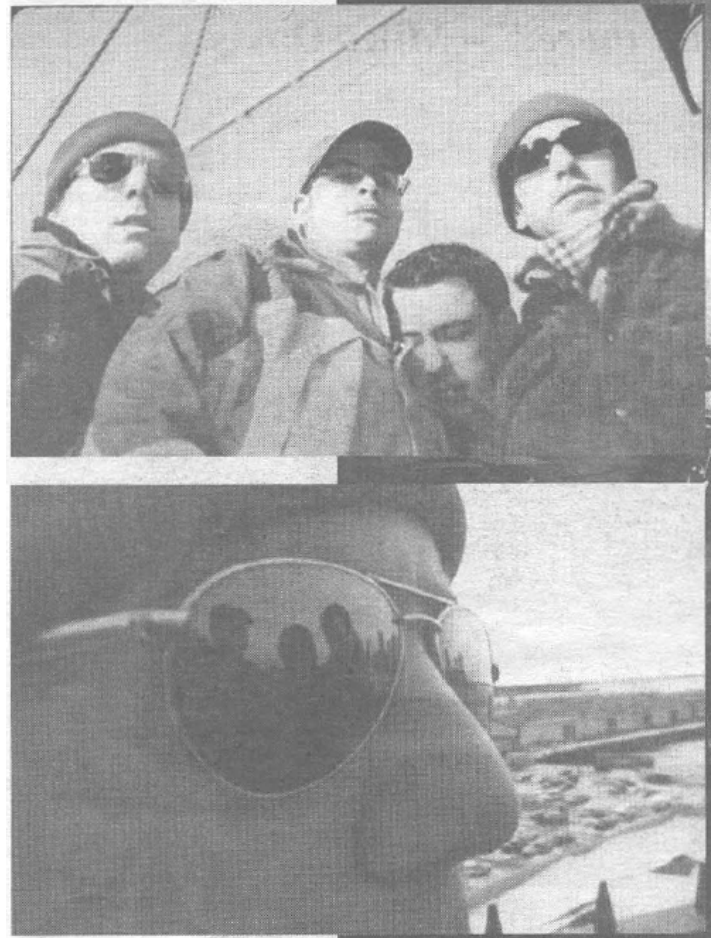

BY MARK STEELE

### LICORICE

From what I know, Licorice is another band from NYC that festival promoter and jazz staffer Morgan Young enticed into coming out to Telluride. They have had the pleasure of jamming with the usual suspects for this crowd, including Les Claypool, Garage a Trois, Harry Apes BMX, and last year's Jazz Celebration Guest of Honor Larry Coryell. Shall we say a jazzier, funkier version of Phish? Probably best to taste Licorice for yourself.
